

INTRODUCING

# 24-Hour Approval

Preview before you Approve a Purchase

## Here's How it Works:

### Sellers

- Sellers will see four separate offers in the CarOffer dashboard:

- 1) 24-Hour Approval
- 2) PremiumXchange
- 3) Sell Today
- 4) 45-Day Guarantee

24-Hour Approval	PremiumXchange	Sell Today	45-Day Guarantee
\$17,592	\$17,163	\$15,982	\$15,129

- This will allow the buyer to review the seller's listing, giving them more buying confidence.
- Gives dealer more selling power by providing multiple offers

### Buyers

- Buyers will be able to see the seller's online listing with photos and exact specifications.
- These vehicles will be inventory units, ready for retail.
- Buyers will have 24 hours to make a decision.

Options include:

- 1) Approve without inspection
- 2) Approve with inspection
- 3) Decline

2013 Toyota RAV4, AWD

- Approvals without inspection will immediately cue transportation and skip the inspection process.
- If the buyer approves without an inspection, they cannot arbitrate for any cosmetic concerns.
- Approvals with inspection will follow the normal inspection, transportation, and arbitration process.
- If the buyer **does not** make a selection within 24 hours, the car will **automatically approve**.
- The 24-Hour Approval vehicles will include a buy fee of \$395.
- Buyers will be protected from any major mechanical or electrical issues.
