PROTECT AND INSURE YOUR TRANSACTIONS WITH EASE

CarOffer safeguards your bottom line when it comes to buying or selling your pre-owned inventory

OfferGuard™

Eliminate risk when purchasing used cars. Add OfferGuard* to your purchases and lock-in the price you bought the car for, or up to 105% of what CarOffer Auction Value was at the time of purchase. If you don't sell the car after 45 days, CarOffer will buy it back.

45-Day Guarantee

Don't stress about losing money on aging units. With CarOffer's 45-Day Guarantee Offer*, you can secure the sale price for any vehicle on your lot. If you don't sell the car after 45 days, CarOffer will take it off your hands. This works as a great exit strategy for your non-core vehicles.

*Terms and conditions apply.

"CarOffer brought in a whole new exit strategy for us to sell our aged inventory and free up the cash flow. So far, it's been a win-win."
